

## O&G Sector Companies with scope 3 reporting or target

Company	Scope 3 Reporting or Target	Details
<b>Midstream companies</b>		
Enagas <sup>1</sup>	Target	Used the GHG Protocol to create scope 3 inventory. Established in 2022 scope 3 reduction targets based 2021 baseline of 25% by 2030, 50% by 2040
Snam <sup>2</sup>	Incomplete Target	Not following accepted definition of scope 3 yet includes intensity target for reducing upstream supply chain ghg emissions
ENGIE (GRTGaz) <sup>3</sup>	Reporting	Reports full scope 3 emissions
Fluxys <sup>4</sup>	No scope 3	Committed to being climate neutral company by 2035 (scope 1 and 2). 50% reduction of 2017 scope 1&2 emissions by 2025
National Grid <sup>5</sup>	Reporting	Full accounting and reporting of scope 3 emissions
TC Energy <sup>6</sup>	Incomplete Report	Provide transparency and clarity by acknowledging that company is not reporting full range of scope 3 emissions Commitment to working with supply chain to understand scope 3 emissions
<b>O&amp;G Producers</b>

Suncor <sup>7</sup>	Reporting	Suncor is an excellent example of what Enbridge could do – Suncor doesn't have all the answers yet is transparent as it works through improving the accuracy of their scope 3 emission reporting
CNRL <sup>8</sup>	Reporting	Reports scope 3 emissions but does not include in GHG targets
Cenovus <sup>9</sup>	Reporting	Reports scope 3 emissions but does not include in GHG targets. Acknowledges consumer consumption represents more than 80% of its overall GHG impact
Eni <sup>10</sup>	Target	Scope 3 included in absolute 2050 GHG target
Repsol <sup>11</sup>	Target	Scope 3 included in absolute 2050 GHG target
Total-Energies <sup>12</sup>	Target	Scope 3 included in absolute (Europe sales) and intensity-based (world-wide sales) 2050 GHG target
bp <sup>13</sup>	Target	Scope 3 included in intensity-based 2050 GHG target
Equinor <sup>14</sup>	Target	Scope 3 included in intensity-based 2050 GHG target
Occidental <sup>15</sup>	Reporting	Reports scope 3 emissions but does not include in GHG targets
Chevron <sup>16</sup>	Reporting	Scope 3 included in intensity-based 2050 GHG target
